Arrival information

innovITS ADVANCE is located within the security boundaries of MIRA Ltd

Please report to the security staff at the gatehouse and give your details, along with your meeting contact details to the staff on duty. The security staff will issue you with your site passes for that day.

Please note, as part of MIRA and innovITS ongoing commitment to customer confidentiality no photographic equipment is permitted on the MIRA site. This includes mobile phones with camera facilities. You will be requested to surrender any photographic equipment at this point.

A temporary vehicle pass will be issued by the security staff; this must remain visible in the car whilst on the MIRA site, and returned to security on your departure.

Please observe the traffic signals and posted speed limits on the MIRA site.

The security staff will issue a map to direct you to the innovITS offices within the K4 building; innovITS staff will greet you in reception at the K4 building.

Car parking is not individually allocated, if there are no car parking spaces available in the car park adjacent to the K4 building, please use the gravel overflow car park at the end of the access road.
